POINT NO. 1 ORGANIZATION OF THE DEPARTMENT

Health Department, Haryana is headed by the Director General, Health Services, Haryana and is assisted by One Additional Director General Health Services, 5 Director Health Services, One Additional Director (Administration), One Joint Director (Administration) at the Head Office. There are 60 Hospitals, 123 Community Health Centres and 498 Primary Health Centres in the State. The head of office at the district is Civil Surgeon assisted by eight deputy civil surgeons. The civil hospitals are headed by Principal Medical Officers/Medical Superintendents / Senior Medical Officers. Community Health Centres and Primary Health Centres are headed by Senior Medical Officers and Medical Officer in-charge respectively.

POINT NO. 2 FUNCTIONS OF THE DEPARTMENT AND ITS SUBORDINATE OFFICES:

Director General, Health Services, Haryana

The post of Director General Health Services is a promotional post. DGHS works as the Head of the Department and looks after the work of all officers of the department. The officer in addition to administrative and financial powers, is responsible for implementing all the national /state schemes of the Health Department. The officer works under the supervision, direction and control of the Principal Secretary, Health. DGHS is assisted by one Additional Director General, 5 Directors, Health Services, One Additional Director (Administration) and One Joint Director (Administration).

Civil Surgeon

Civil Surgeon is the head of the office at district and is answerable to Director General, Health Services. He looks after the administration of staff of all categories working under his control in the district and carry out various national /state programmes and provide preventive, promotive and curative services to the general public within his district.

Principal Medical Officer/Medical Superintendent

Principal Medical Officer/Medical Superintendent is the in-charge of the civil hospitals and is concerned with day to day activities of that hospital. The PMO/MS reports to the Civil Surgeon for all the affairs.

Senior Medical Officer

Senior Medical Officer is the in-charge of the Community Health Centre and is concerned with day to day activities of the Community Health Centre. The Senior Medical Officer reports to the Civil Surgeon for further necessary action.

Medical Officer

Medical Officer is the in-charge of the Primary Health Centre & Sub Health Centres under its PHC and is concerned with day to day activities of the

Primary Health Centre and Sub Health Centres. The Medical Officer reports to the Senior Medical Officer in-charge of his respective Community Health Centre.

Health department, Haryana is constantly guided by the W.H.O definition of Health which states that "Health is a state of complete physical, mental and social well being and not merely an absence of disease or infirmity.

Government of Haryana is committed to provide quality health care to all its citizens. Health department has been constantly upgrading itself in terms of infrastructure, human resource, drugs, equipments etc. Haryana Health Department is responding to the health needs of all categories of population including infants, children, adolescents, mothers, eligible couples and the elderly in addition to the sick and trauma victims. Also, there is a constant endeavor to keep communicable and non-communicable diseases in check and to have strong systems of recording, reporting, evaluating and planning.

The departments' aim is to improve the quality of life of people by providing better Health Services. Health department, Haryana strives to help people improve their productivity and reduce risks of diseases and injury in a cost-effective way. The department is guided by the W.H.O principle of Universal Health "Ensuring that all people have access to needed promotive, preventive, curative and rehabilitative health services, of sufficient quality to be effective, while also ensuring that people do not suffer financial hardship when paying for these services".

The ultimate function of the department is to provide adequate, accessible, equitable, quality healthcare services to all, leading to the reduction of out of pocket expenditure on health of a common man.

POINT NO. 3 BROAD DETAILS ON WHICH THE BUDGET ESTIMATES FOR THE CURRENT YEAR ARE BASED, ALONG WITH THE BUDGET ESTIMATES HEADWISE:

The budget estimates are broadly prepared on the basis of the expenditure incurred during the previous year and the new Services/Schemes/activities being Proposed /launched by the Department. The main principles, on which the estimates are based are as follows:

- Budget received by the Health Department from Finance Department in the starting of the financial year.
- Supplementary budget is asked by the department when the actual expenditure in a certain scheme exceeds the quarterly ceiling fixed by FD and the trends shows that the expenditure will be more than the provision or if any new scheme/activity is launched inbetween.
- Department sends the Revised estimates to Finance Department when department is asked to do so.

- In the revised estimates the excess budget in a particular scheme is surrendered and demand of additional budget in the demanded scheme is raised by the Health Department to the Finance Department.
- Demand of budget for the next financial year in Recurring schemes is prepared on the basis of memorandum received from the various divisions/program officers of the Health Department.
- The expenditure on Establishment is calculated on the basis of the sanctioned posts and likely recruitment in the coming financial year based on the requisition sent to various recruitment agencies. This covers the expenditure on pay /increments/ allowances, re-imbursement of medical expenses, Medical allowance, HRA etc.
- The expenditure on account of Dearness Allowance is worked out on DA sanctioned by the State Government from time to time on the basis of pay of the staff.
- The provision of Travelling Allowance is made to cover the expenditure of the touring officers/officials for various journeys undertaken in the discharge of their official duties. This is generally based on the actual expenditure incurred during the past three years.
- The expenditure on Electricity/Water Charges, Stationary, Stamps, Telephone charges etc. is met from the contingencies. The estimates are based on the average expenditure incurred during the past three years and the anticipated requirements due to increase/decrease in the activities of the Health Department.

		<p>Steps taken by Department to reduce the incidence of pre-mature deliveries-</p> <ol style="list-style-type: none"> 1. Promotion of institutional deliveries- Haryana has achieved 89.50% Institutional delivery till August, 2017 (As per Civil Registration System (CRS) with 52.5% public institutional deliveries. Continuous efforts of the health department have led to increase in institutional deliveries in the State. 2. Launch of zero home delivery campaign- <p>As home delivery poses a great risk to the life of both mother and newborn, because home deliveries can lead to complications during birth. Any Complications may require interventions like blood transfusion, Oxygen, examination of vitals (B.P./ Pulse), Lab testing, necessary medications/injections etc. which are not available at home. Mother and new born are at risk due to delay in getting the appropriate medical interventions in cases of home deliveries, which generally leads to maternal and infant mortality and morbidity.</p> <p>In order to reduce the incidence of home delivery, National Health Mission has launched Zero Home Delivery Campaign with the aim of achieving 100% institutional deliveries in the State in June, 2017.</p> <p>Aim of Zero Home Delivery Campaigns :</p> <ul style="list-style-type: none"> ➤ 100% institutional deliveries ➤ Birth plan with every ASHA and Pregnant Lady ➤ Ensure 4th ANC visits of every pregnant woman 2-4 weeks prior to EDOD ➤ Line listing of High risk pregnant cases (HRP) and every HRP case to be monitored and followed and managed at FRU. ➤ HRP case to be transported directly to FRUs in 108 free ambulances for delivery instead of taking to CHC, PHC etc. ➤ Minimum 48 hours stay after delivery at Govt. Health Facilities ➤ Every home delivery is tracked, reviewed with root cause analysis and accordingly necessary action will be taken 3. Devising and Launching of Pre-conception care Package in the State for improving Pre conception care for healthy outcome mother and baby. It involves risk screening of the women during the preconception period for timely identification of the risk factors that may lead to preterm delivery in the women, clinical assessment by a doctor, awareness and counselling (nutritional) along with the provision of nutritional supplements such as Tab. Folic acid during the preconception care period. <p>Risk screening involves conducting of various lab investigations such as Hb, Blood sugar, Urine routine, VDRL, HIV, Hepatitis B, TSH.</p> 4. Devising and implementation of High Risk Pregnancy Policy for early detection of High risk Pregnancies and timely management of high risk cases during ANC and delivery by specialists at FRUs. Timely identification of high risk cases will help in timely management of the high risk factor and prevention of preterm delivery.

		In the financial year 2016-17, there was no budget provision under JSY Scheme.		
9	Why the ASHA worker payment is not being made on Department?	<p>The budget approved by the Govt. of India and Govt. of Haryana for ASHAs' Incentive is regularly being provided to Districts for their monthly payments, as per norms. The GoI funds are sanctioned for the entire FY 2017-18 and the State Budget is sanctioned for First-Two Quarter of FY 2017-18; as the State Budget is being sanctioned on Quarterly basis as per instructions of the Finance Department (Haryana Govt).</p> <p>Apart from the above, it is also intimated that :</p> <ol style="list-style-type: none"> 1. ASHAs are the Volunteer Workers enrolled under the National Health Mission (NHM) and entitled for performance based incentive, as per Govt. of India (GoI) norms. ASHAs are getting incentive payments for performing particular activities approved by the GoI (Annexure-9) after monthly appraisal thereof. The Govt. of Haryana has also made provision of Comprehensive Incentive Package for ASHAs under State Plan Budget. 		

2. The Department has made efforts to provide ASHAs incentive regularly on monthly basis during the FY 2017-18, but as per the Govt. of India directions, ASHAs' payments are required to be made through PFMS (Public Financial Monitoring System) in their AADHAR linked Bank Accounts. Accordingly, the Department has initiated ASHAs' payments through PFMS (i.e. 100%) and AADHAR linked (i.e. 87%). There are sufficient funds available with the Districts for ASHAs' payments and there is regular follow-up with the District Teams for streamlining of pending payments (if any).

The detail of ASHA payments for the FY 2017-18 (upto September) is as under :

Name of District	Budget Sanctioned to Districts for 2017-18 (in Rs.)		Total Sanctioned Budget (Gol+State)	Incentive Paid to ASHA in 2017-18		Total Incentive Paid to ASHA

1	The relevant records of allotment of land to Private Hospitals on subsidized rates in Haryana.	It relates to Deptt. of Town & Country Planning.
2	NABH criteria to empanel the Private Hospitals of Haryana Govt.	Govt. has issued revised New Empanelment Policy vide memo no. 2/56/2017-1H3H3 dated 08.06.2017 wherein it has been enumerated that only hospitals (irrespective of bed strength) having valid NABH/JCI accreditation certificate shall be eligible, on a prescribed format. National Accreditation Board for Hospitals and Healthcare Providers (NABH) is a constituent board of Quality Council of India (QCI), set up to establish and operate accreditation program for healthcare organizations. NABH has been established with the objective of enhancing health system and promoting continuous quality improvement and patient safety. The board has laid down a set of standards for the hospitals and healthcare facilities. This standard consists of stringent 600 plus objective elements for the hospital to achieve in order to get NABH Accreditation . First the hospital undergoes pre-assessment by a team of external assessors from NABH. After the assessment the team submits a gap report to the facility. After compliance of the standards and successful submission of gap closure report to QCI a final assessment of hospital is conducted by NABH. If the hospital scores above 70% and complies to NABH standards then it is certified.

HUDA, Gurgaon.

Observations/Recommendations of the Committee:-

1. The Committee observed that the numbers of registered dengue patients in the reply of Health Department are doubtful as the actual numbers of patients in the state are very high in comparison of data supplied by the department. Also there were no pro-active steps being taken by the department to prevent the dengue like fogging, cleaning of water tank etc.

Therefore, the Committee recommended that the updated reports of dengue patients may be supplied to the Committee alongwith the details of fogging and domiciliary visits of Breed Checkers in the State. The Committee further desired a detailed inquiry on the registration of dengue patients on district level should be carried out by the department and the report of that should be submit to the Committee as earliest.

2. The Committee discussed the worst conditions of the Malaria and Dengue patients in the state and observed that as per the reply submitted by the department there were Rs. 125 Crore were spent during the financial year 2016-17, for the fogging and other prevention activities in the state but Shri Karan Singh Dalal, Shri Kuldeep Sharma and Shri Balkaur Singh Kalanwali, members of the Committee confirmed that there were no fogging was done in their constituencies.

Therefore the Committee recommended a enquiry in this matter and to provide the detailed report to the Committee.

3. The Committee observed that the department is not prepared in respect of the oral examination of the Subject Committee as they don't have actual facts and figures on expenditures on AIDS control, dengue patients, fogging details and breed checkers details etc asked by the Committee in their questionnaire already sent to Department.

Therefore Committee directed Principal Secretary, Health Department to be well prepared alongwith correct record of the information asked by the Committee for next oral examination.

4. The Committee observed that as per the allotment letter of HUDA, the F.A.R. for mentioned for Medicity was 2.50 percent while for other Hospitals it was 1.50/1.75 percent which should for all the hospitals.

Therefore, the Committee recommended that Department should check why there was a difference in F.A.R. decided for all Hospitals. The report of the same should be submitted to Committee as earliest.

5. During the oral examination of the Department the Committee observed that as per HUDA agreement, there should be regular meetings of Monitoring Committee to observe the terms and conditions are being followed by the private Hospitals or not. But there was no meeting held between year 2008 to 2016 of that Committee.

Therefore, the Committee strongly recommended that quarterly meeting of the Monitoring Committee under the Chairmanship of HUDA, the President of District Red Cross Society, State Officer alongwith other nominated members should be held on regular basis without any failure.

6. The Committee observed that the matter about the treatment of BPL/EWS patients in the private hospitals which has possession subsidized land from HUDA. The number of patients is very less who was obtaining the benefits that may be because of lack of awareness about free/ discounted bases treatment in those Hospitals in the state.

Therefore, the Committee recommended that there should be provision of awareness programmes about the HUDA's terms and conditions for free/discounted treatment for BPL/EWS patients in the private hospitals which has possession subsidized land from HUDA. The Committee further recommended that both the Departments HUDA and Health Services should prepare the proper guidelines for these hospitals in this matter and monitor the violence of such guidelines regularly.

7. During the oral examination the Committee observed that as per the Department reply there is no doctor who had claimed the special incentives in district Mewat and Palwal. While department suspended the CMO Palwal in the same context after obtaining the questionnaire from the Committee and when Committee asked about the Mewat district they again suspended few doctors there. The Committee has taken a serious view in this matter as there is no monitoring is being done by the Health Department to check such cases in the State. Earlier the Committee informed the Department about Palwal district's doctors who were claiming the special incentive illegally and Health Department suspended those doctors on the bases of information provided by the Committee and the same has been repeated in case of Mewat district. There may be such cases in other district as well but the Department is totally unaware and passive about that.

Therefore, the Committee strongly recommended an enquiry in this matter to check such cases of illegal/unlawful withdrawal of Government ex checkers and take strict against those doctors.

Important issues for the Vidhan Sabha Session, February 2017

At present, there are 29 Universities, 02 Post Graduate Regional Centres, 110 Government Colleges, 97 Government Aided Private Colleges, 83 Self Financing Degree Colleges, 16 Self Financing Law Colleges, 475 Self Financing B.Ed Colleges and 01 Self Financing Sports College under the ambit of the Department of Higher Education in the State.

Some of the important issues are:

1. On line admissions of students and creation of data base of teaching and non teaching staff in Government Colleges:

It was decided by the State Govt. that the admissions in all the courses and classes in Government Colleges in Haryana would be made only through on line mode so that a complete data base of all students is available on the click of mouse to the Principals and at the headquarter too.

On-line admission in 108 Govt. Colleges in the State has been successfully implemented since 2013-14.

Through on line admission system (OAS), total 1,91,463 students were admitted in 108 Govt. Colleges and an amount of Rs. 51,16,31,531 was collected through e-challans and on-line transactions out of which an amount of Rs. 2,68,43,800 was deposited on line in the receipt head of government treasury.

Further, a data base of the teaching and non teaching staff of Government Colleges has also been created and uploaded on the web portal. The transfer orders of all the members are generated and issued from the portal too. Besides, the process of on line submission of forms under all scholarship schemes has also been initiated by the department. Further, the Department has initiated the process for online admissions in aided and self financing colleges from the next academic session.

2. Acute shortage of teaching staff in Government Colleges:

50 new Government Colleges have been opened in the last 10 years. There is a workload of 6472 teachers in Government Colleges in the State. Only 4187 posts have been sanctioned out of which 2285 have been filled up. Remaining 1902 posts are lying vacant. However, an indent to fill up 1647 vacant posts in various subjects has been sent to Haryana Public Service Commission. The recommendations of HPSC are expected in May, 2017.

3. Colleges at Bhuna, Ateli, Sirsa, Punhana and Kheri Gujran have been started. Government Colleges at Punhana, Ateli and Sirsa are exclusively Girls Colleges.

4. Initially, the Extension Lecturers were being paid Rs. 200/- per period which was later on increased to Rs. 250/- per period. The maximum ceiling of Rs. 18000/- per month has also been increased to

Rs. 25000/- per month. As per last information sought from the Principals of Govt. Colleges, approximately 2800 Extension Lecturers have been engaged. However, this number changes from time to time on the basis of workload.

5. New Colleges: Following 22 new Govt. Colleges have been approved by the Government :-

NATIONAL SERVICE SCHEME

From very beginning, Haryana is the founder state to implement the NSS programme since its inception in 1969. Kurukshetra University Kurukshetra was one among the 37 universities of India to implement NSS. Since then, our state achieved remarkable achievements in the field of NSS programmes and activities.

At present, Haryana State NSS Cell has 1051 Grant-in-Aid Units and more than 200 Self Finance Units comprising approximately 1,25,000 volunteers. Out of 1051 grant in aid units, 438 units are allotted to Colleges/Universities and 613 units are allotted to +2 schools.

Our Volunteers organize regular as well special camps funded by the Government of India, and are usually located in a rural area or a city based slum. The volunteers are involved in activities such as: Cleaning, afforestation, Stage shows or a procession creating awareness regarding social problems, education and cleanliness. Health Camps, Blood Donation Camps, Traffic Awareness Programmes are also organized. Now since the last three years, our volunteers have been working on the vital social issue, 'Beti Bachao- Beti Padhao'. After the declaration of demonetisation, role of NSS volunteers increased manifold to implement the policies and to aware the masses regarding the benefits of cashless transaction. This year, it has been decided that the theme for NSS Seven Day Special Camp will be 'Promotion of Cashless Transactions in Haryana'

This year, Our 02 volunteers have been honoured with prestigious NSS Indra Gandhi Award at Rastrapati Bhawan on 19th November, 2017 and 08 NSS volunteers and 01 NSS Programme Officer have represented the State in R.D. Parade, 2017. 42 NSS Volunteers and 3 Programme Officers participated in National Integration Camps organized at Jaipur, Agra and Baddi. Further, 30 Volunteers and 2 Programme Officers also attended Adventure Camps at Narkanda and Manali in Himachal Pradesh. This year, our State organized National Youth Festival at Rohtak in which 40 NSS Volunteers and 12 Programme Officers participated.

1	How many orders/ notification/ circulars are being issued by the Department In past 3 years to regulate the working of Private schools according to rules and acts of School Education	<p>The photocopy of the amendment/Notifications in Haryana School Education Rules-2003 notified in the year 2013-14 is attached as Annexure 'A'.</p> <p>Note – The annexure 'A' provided by the department is reviewed by the Committee in its meeting and kept in the record of the Committee.</p>
2.	How Many minorities' schools are running in the State and what is their student's strength? Is there any percentage fixed by the Department for the admission of minority students in such Schools and for what kind of facility / relaxation is being provided by the Department. The details report should be provided to the committee along with the -difference between normal and Minority School.	As per the report received from the District Education Officers in the State, nearly 62 Minority Schools are running in' the State in which 35498 students are studying. As per Departmental norms, it is mandatory that 50 students of that particular minority are admitted in the school. These schools will not be bound to admit students under Rule 134-A.
3.	Students which already passed the admission exam and recommended by the Department also but they still not got the admission. How many complaints are being registered in this matter and what all are the action taken by the Department on those complaints. The complete detail with current status be supplied to the Committee.	The Department conducts examination every year for admission of meritorious students belonging to EWS /BPL categories under Rule 134-A. The complaints received in this regard are decided by the Department as well as the District Level Committees on priority basis as per rules/instructions. At present, no such complaint is pending in the Department.

4.	List of unrecognized Schools and the complaints against them with the action taken report may be supplied.	No such information is readily available at the Directorate. On receiving a notice from Hon'ble High Court in CWP (PIL No. 4449 of 2017 - Ranjan Lakhanpal V / s State of Haryana & others, all the District Education Officers have been directed to supply the list of such schools. After the receipt of the information, the same will be supplied immediately. However, in such cases the District Education Officers concerned will be directed to initiate action in accordance with rules.
5.	There are lots of play school are running in the state. What is the control / Policy on play schools in the states? Is there any permission/ affiliation required from the department?	At present, there is no provision in the existing rules for grant of permission/recognition to establish a play school in the State of Haryana. However, as per Rule-3 of 'Haryana School Education Rules, 2003' notified on 30th April, 2003, no school in the State can function, establish or start classes without the prior approval of the Director.

17.	Is there any complaint received by the Department against the private or aided schools which do not provide receipt of any kind of fees/charges being received from students? For how many years the affiliation to the Private schools is provided initially? And what is their renewal policy and for how many years.	Such type of complaints are heard and decided by the Fee and Funds Regulatory Committee (FFRC) and appropriate action is taken against the defaulting school on the recommendation of FFRC.

18.	For how many years the affiliation to the Private schools is provided initially? And what is their renewal policy and for how many years.	As per Rule-39 of the Rules-2003 amended in 2004, the recognition granted to schools affiliated to any Board shall be reviewed after every ten years.
19.	What are the steps taken by the department to provide the nearby stations/home town station to the newly joined JBT Teachers?	The whole matter of recruitment of these teachers is under consideration of Hon'ble High Court in LPA No. 686/2016 Pardeep Kumar Vs. State of Haryana. Due to pending of LPA No. 686/2016, it is not final whether first list or combined merit list of first and second list will prevail. So the whole matter is prejudice and subject to the final decision of LPA No. 686/2016. So at this stage permanent allotment of districts and schools to these candidates is not possible. Out of 12732 selected candidates of both lists, total 7476 (Rest of Haryana) and 954 (Mewat) candidates have been issued appointments. 6348 candidates belong to the First selection list and 1128 candidates belong to second list. Allotment of districts to 6348 candidates was done by HSSC as per their merit and allotment of districts to 1128 candidates of second list was done by Director Elementary Education Haryana on provisional basis. Allotments of schools were done by concerned DEEOs through counseling.
20.	Is the department satisfied about the working of private schools in the State? Details of the lapse noticed by the Department in that should be provided to the committee.	Yes, however appropriate action in accordance with rules is taken against the defaulting schools on the receipt of complaint regarding non-compliance of any of the condition of the recognition.

21.	Whether there is any proposal with the department regarding renovation/ Construction of the Sanskriti Model School, Gannaur (Sonapat). What action has been taken by the department till now in this regard?	This issue relates to State Project Director Sarv Shiksha Abhiyan Haryana. The SPD /SSA, has intimated that total cost of construction for this work is 14.12 Cr. approximately out of which 3.00 crore can be provided by the School Education Department and the balance amount is to be shared between HSAMB Department (Rs.4.25 Cr.) and Labour Department Haryana (Rs.6.87 Cr.). All the concerned departments have been requested by the SPD/SSA to provide funds.
22.	What steps have been taken by the Department to implement Rule 134A and the details of complaints against the schools which did not implement this Rule? Latest position of the complaints be provided to the Committee.	A schedule of admission under Rule-134-A is issued by the Department in the month of January. The school which does not follow Rule 134-A are issued show cause notice by the Director for withdrawal/ suspension of their recognition/NOC.
23.	Is there any language awareness programming run by the department to make people aware about the importance of all the languages as most of the people are affected by English Phobia?	At present no such programme has been finalised for the promotion of English language although the proposal is in pipeline.
24	What are the benefits of Mid-Day Meal? Whether it is actually required in our State? What are the alternates of this scheme?	It is pointed out that population growth rate is decreasing and the number of Private Schools is increasing every year. A trend is also in the minds of the peoples of Haryana among the parents to get admitted their wards in Private Schools. The quality of education in Govt. Schools has decreased due to implementation of RTE as there is provision of taking exams & failing the students whereas there is no provision in the Private Schools. Now in Govt. Schools it has been decided not to fail

		<p>any children up to 1st to 8th class so that enrolment of children may be increased. It is also pointed out that to increase the enrolment in Govt. Schools of children thirteen recipes of cooked food viz Mithi Kheer, Vegetable Pulao, Nutritious Khichri, RajmahRice, curry Pakora and Rice and seasonal vegetable, Atta Halwa and Black Chana, Roti & Dal Ghiya/Kaddu, Sweet Porridge, Wheat-Soya Puri and vegetable, Nutritious Porridge and Sweet Purra have been provided to the children. Further some welfare/ Incentive schemes namely providing of Monthly' Stipend/Scholarship to SC/BC-A & BPL Students Studying in 1st to 8th Classes, one-time cash award scheme for SC students, providing of free bicycles to SC students and other Beneficiary Oriented Scheme are running in Elementary Education. The students belonging to poor categories gets above benefits while studying whereas above benefits are not giving the categories of poor students in private Schools. To maintain status of poor students, it is necessary to run such type of scheme i.e. Mid-Day Meal Scheme in our Country. Therefore, most of the population of people feels in Haryana State that the said scheme IS actually required in our: State. Most of the people of Haryana State feels it is the best scheme in the State to boost up the status/moral of poor people in the State. It is further pointed out that the Hon 'ble Supreme Court of India dated 11.02.2002 has given directions that there has been full compliance for, implementation of the Mid-Day Meal Scheme. However, if any of the States gives a specific instance of non-compliance, the Union of India will do the needful within the</p>

		<p>framework of the Scheme. It has further been directed by the Supreme Court of India that the State Government/Union territories to implement the Mid-Day Meal Scheme. Therefore, the said scheme is necessary in the state of Haryana so that the compliance of the Supreme Court of India orders may be made. Hence the office feels that there is no other alternate of this Scheme.</p>
25.	<p>What action is being taken by the department to promote the NCC, NSS, Scouts & Guide and moral education?</p>	<p>The purpose of Scouts and Guides Movement IS to contribute to the development of young people youth (Boys & Girls of 05 to 25 years. of age) in achieving their full physical, intellectual, social, emotional and spiritual potentials as individuals, as responsible citizens and as members of local, national and international communities through a value Scouts and Guides Programme in Schools The purpose of Scouts and Guides Movement IS to contribute to the development of young people youth (Boys & Girls of 05 to 25 years. of age) in achieving their full physical, intellectual, social, emotional and spiritual potentials as individuals, as responsible citizens and as members of local, national and international communities through a value based and character building training. A.K. SIKRI, CHIEF JUSTICE

1. In all these writ petitions, there is a commonality of significant issue involved which relates to the school fee being charged by the unaided private educational institutions in the States of Punjab, Haryana and the Union Territory of Chandigarh for the students in their schools, their right to hike the fee from time to

CWP No. 20545 of 2009 est.

3

time and the nature of control which the Government can exercise in regulating such fee structure.

2. The issue got triggered with the filing of CWP No.20545 of 2009 which is treated as lead matter filed by Anti Corruption & Crime Investigation Cell, which is a registered Body. In this writ petition, the petitioner has alleged that the private educational institutions within Ludhiana and entire State of Punjab are taking the parents to ransom by whimsically enhancing the school fees on the one hand and the respondents which include the State of Punjab, Department of Education as well all Directorate of Education and Central Board of Secondary Education have not come forward to check the same and thereby they have failed to perform their legal and constitutional obligations. The petitioner states that Article 41 of the Constitution lays down that the State shall make effective provision for securing right to education. Article 41 relating to the Directive Principles of State Policy is reproduced as under:

"41. The State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance in cases of unemployment, old age, sickness and disablement, and in other cases of underserved want."

3. It has been held by the Supreme Court in case reported as Samir Vs. State, AIR 1982 SC 66 that the duty of the State under this directive is not only to establish educational institutions but also to effectively secure the right to education. It is pointed out that the Parliament has enacted Delhi School Education Act, 1973. The provisions of Delhi School Education Act, 1973 and Rules framed thereunder were under the scrutiny of Supreme Court while action of the Government to regulate fee by unaided private schools was challenged in case reported as Modern School Vs. Union of India, AIR 2004 SC 2236 and review decided in case of Action Committee, Unaided Pri. Schools & Ors. Vs.

CWP No. 20543 of 2009 etc.

4

Director of Education, Delhi & Ors. 2009 (11) SCALE 7, on 07.8.2009 in which the Apex Court considered the issue of enhancement of fees by the private schools besides delving into the issue of autonomy of the institution, transparency and accountability etc. and held that the schools shall not increase the rates of tuition fees without the prior sanction of the Directorate of Education and shall follow the provisions of the Delhi School Education Act/Rules, 1973 and other instructions.

4. Similarly, the Government of Haryana has also enacted Haryana Education Act, 1995 and Haryana School Education Rules, 2003 for regulating education. But, in the State of Punjab, there is no such legislation. However, the schools are affiliated either with the CBSE or with the Punjab School Education Board (PSEB). It was submitted that no private school can afford to offer education without being affiliated with any of the Education Boards. Chapter 2 of CBSE Bye Laws contains norms for affiliation of the schools. Regarding financial resources of the school, it is provided that the school must have sufficient financial resources to guarantee its continued existence. The source must be permanent in nature which should cater to maintain a reasonable standard of efficiency, payment of salary to teachers and other staff at par with the corresponding categories in the State Government schools and to undertake development of the school facilities. No part of the income of the institution can be diverted to any individual and savings, if any, shall be further utilized for promoting the school. The accounts are required to be audited by a Chartered Accountant and proper statements of accounts are required to be maintained and submitted to the Board every year. The fees charged should be in commensurate with the facilities provided by the institution and under the 'heads' prescribed by the Education Department of the State. No capitation fee/donations for getting admission in schools can be charged

For fixing the fee structure, following considerations are to be kept in mind:

- (c) The infrastructure and facilities available;
- (d) Investment made, salaries paid to teachers and staff;
- (e) Future plans for expansion and/or betterment of institution subject to two restrictions, viz., non-profitmaking and non-charging of capitation fees.

The majority view thereafter applied the aforesaid principles in the context of 1973 Act and Rules framed thereunder. It was emphasized that Rule 175 indicates the accrual of income and Rule 177 indicates utilization of that income and answered to the first question by holding that the Director of Education was authorized to regulate fees and other charges to prevent commercialization of educational institutes in the following terms:

"17.....Therefore, reading section 18(4) with rules 172, 173, 174, 175 and 177 on one hand and section 17(3) on the other hand, it is clear that under the Act, the Director is authorized to regulate the fees and other charges to prevent commercialization of education. Under section 17(3), the school has to furnish a full statement of fees in advance before the commencement of the academic session. Reading section 17(3) with section 18(3)&(4) of the Act and the rules quoted above, it is clear that the Director has the to regulate the fees under section 17(3) of the Act.....(emphasis supplied)".

79. What follows from the above said is that freedom is to be given to the schools to fix their fees structure as fixation thereof depends upon the infrastructure and facilities available in the schools, investments made and salaries paid to the teachers and staff as well as the future plans for expansion and/or betterment of institution. Obviously, there cannot be any uniformity in all the

schools in respect of aforesaid parameters. Various schools in their replies have highlighted and boasted about the high quality of infrastructure which has been provided by them. We have taken note of these facilities in detail as stated by Sita Grammer School, Malerkotla. Thus, the legal position which cannot be denied is that there cannot be any rigid fees structure prescribed by the Government. Each institute has to be given freedom to fix its own fees structure taking into consideration the need to generate funds to run the institution and to provide facilities necessary for the benefits of the students.

80. At the same time, the Supreme Court has also laid down categorical principles that the schools cannot indulge in profiteering and they cannot charge capitation fee higher, therefore, the fees fixation is subject to the aforesaid two restrictions. It is also to be ensured that the fees/funds collected by the Schools from parents/teachers are not transferred from the school funds to the society or the trust which runs such schools or any other institutions. Here again, however, the recognized unaided schools are entitled to set up Development Fund Account and for this purpose they can charge from the students but such a charge do not exceed 50% of the annual tuition fees. The position in this behalf is summarized by Delhi High Court in its judgment dated 12.08.2011 in Delhi Abhivhava Mahasangh case (supra) in the following manner:-

"52. With this, we revert back to the issues On Merits: The clear legal position which emerges from the combined reading of the judgments of the Supreme Court, directly on the issue of revising tuition fee by Delhi schools under the Delhi Education Act, and already stated in detail above, demonstrates that the schools cannot indulge in commercialization of education which would mean that the fee structure has to be kept within bound so as to avoid profiteering. At the same time, "reasonable surplus" is permissible as fund in the form of such surplus may be

CWPI, 2014 of 2022-16

required for development of various activities in the schools for the benefit of students themselves. The guiding principle, in the process, is "to strike a balance between autonomy of such institution and measures to be taken in avoiding commercialisation of education". The autonomy of the schools can be ensured by giving first right to such schools to increase the fee. At the same time, quantum of fee to be charged by unaided schools is subject to regulation by the DoE which power is specifically conferred upon the DoE by virtue of Section 17(3) of 1973 Act. This is specifically held by the Supreme Court in *Modern School (supra)* and *Action Committee Unaided Private Schools and Anr. (supra)*. Normally, therefore, in the first instance, it is for the schools to fix their fee and/or increase the same which right is conferred upon the schools as recognised in *TMA Pai (supra)*. The DoE can step in and interfere if hike in fee by a particular school is found to be excessive and perceived as "indulging in profiteering". It would be a procedure to be resorted to routinely."

81. The moot question is while giving freedom to the schools to fix their own fees structure, how to ensure that these schools are not indulging in profiteering/commercialization of education and are also not diverting funds through unauthorized channels. In *Delhi Abhikshayak Mahasamithi case (supra)*, Delhi High Court expressed the view that there was a need for establishing a permanent Regulatory Body/mechanism, the rationale whereof is given in paras No. 72 and 81, already extracted above.

82. No doubt, in the instant cases before us, as per the replies filed by the official respondents themselves, most of the schools are fulfilling the requirements of submitting the Annual Reports etc. At the same time, it is also a matter of record that there is hardly any examination of these records which are simply dumped by the schools with the Boards/Regulatory Authorities and keep lying there in their archives. Needless to mention that it is the duty of the official respondents to

ensure that increase in the fees undertaken by a particular school is justified and necessitated by other circumstances like increase in expenditure or because of developmental activities needed and does not result into profiteering. It is also to be ensured that the funds are not diverted elsewhere. However, there is no mechanism for checking the same. In a situation like this, we are of the opinion that the States of Punjab and Haryana as well as Union Territory, Chandigarh should also provide for some permanent Regulatory Bodies/mechanism which would go into this aspect on regular basis. We accordingly give directions to the States of Punjab, Haryana as well as Union Territory, Chandigarh to examine the feasibility of establishing such a mechanism and take decision thereupon within a period of six months from today. Till that is done and in order to sort out the issue as to whether the hike in fees by the schools is proper or not, we would like to follow the same path as done by the High Court of Delhi, namely, setting up a Committee with the task to go into the accounts of the Schools and find out the reasonableness of increase in fees by the schools. Accordingly, we appoint three committees, one each for the State of Punjab, State of Haryana and Union Territory, Chandigarh, with the following constitutional members:-

FOR STATE OF PUNJAB:-

- i) **Hon'ble Mr. Justice Ranjit Singh (Retd.): Chairperson**
- ii) **One Chartered Accountant to be nominated by the Chairperson of the Committee.**
- iii) **One Member from the field of Education preferably a retired teacher/officer of eminence to be nominated by the Director of Public School Education Board.**

Case No. 20545 of 2008 etc.

25

FOR STATE OF HARYANA:-

Hon'ble Mrs. Justice Kiran Anand Lall (Retd.): Chairperson

- i) One Chartered Accountant to be nominated by the Chairperson of the Committee.
- ii) One Member from the field of Education preferably a retired teacher/officer of eminence to be nominated by the Director of Public School Education Board.

FOR UNION TERRITORY CHANDIGARH:-

- i) Hon'ble Mr. Justice R.S. Mongia (Retd. Chief Justice): Chairperson
- One Chartered Accountant to be nominated by the Chairperson of the Committee.
- ii) One Member from the field of Education preferably a retired teacher/officer of eminence to be nominated by the Director of Public School Education Board, U.T. Chandigarh.

The fee of the Chairperson(s) shall be Rs. 25,000/- per sitting and that of the members Rs. 10,000/- each per sitting. The said fee shall be shared by the schools in the respective States. In addition to the aforesaid fee, the Committee(s) shall also be reimbursed the amount of clerical and other expenses. They shall also be provided suitable place/office for undertaking the task assigned.

Since the schools are submitting the accounts with the Boards, these accounts and records can be given by the Boards to the Committees. In addition all

CWP No. 20545 of 2009 etc.

86

the schools shall also render full cooperation to the Committee(s) by submitting the Account and other necessary information demanded by the Committee(s). The scope of the work undertaken by the Committee(s) shall be restricted to the academic year 2012-13. Likewise, for the academic year 2013-14, though the schools shall have the right to fix their fees structure, they will have to justify the same by producing necessary material before the Committee(s). The Committee(s) shall be entitled to specifically look into the aspects as to how much fees increase was required by each individual school on the examination of records and accounts etc. of these schools and taking into consideration the funds available etc. at the disposal of the schools. While doing this exercise, it shall keep in mind the principles laid down by the Supreme Court in Modern School case (supra) as well as Action Committee Unaided Pvt. Schools case (supra) and other decision noted by us in this judgment. Needless to mention in case it is found that the fees hiked by the schools was more than warranted, the direction can be given to those schools to refund the same to the students.

All these writ petitions stand disposed of in terms of directions given hereinabove.

Memo No. KW 2/2-2015 SE (3)
Dated, Panchkula the 13-5-2015

Subject- For Relaxing the Land Requirement Norms for Opening/Upgradation of Government Schools in NCR Areas (CBSE Pattern).

The relaxed norms for opening of new schools and upgradation of schools in NCR Area according to CBSE parameters will, henceforth, be as under :-

In view of the special conditions of Faridabad, Gurugram and Panchkula Cities due to high density of population and non-availability of sufficient land, the issue of relaxing the land norms for opening/upgradation of schools in these cities has been engaging the attention of State Government. To sustain the school availability, the land norms in respect of these cities framed as under:-

- | | |
|-----------------------------|------------|
| (a) Primary School | - 0.5 Acre |
| (b) Middle School | - 1 Acre |
| (c) Senior Secondary School | - 1 Acre |

The other conditions for opening/upgradation of schools will remain same as per the memo no. 2/21-2008 SE (3) dated 11-10-2010 regarding opening/upgradation of Government Schools. Further, it is made clear that the opening/upgradation of government schools in all other areas which are not included in the revised norms will be done as per norms mentioned in the memo no. 2/21-2008 SE (3) dated 11-10-2010.

2. All Heads of Departments.
3. All Deputy Commissioners of the State.

Dated: 12.9.2005

Subject:- Regarding teachers not to be assigned other non-teaching duties during school hours.

Sir,

This is regarding teachers of Government Schools being assigned non-teaching non statutory duties by various departments/ district administrations.

The Government has examined this issue and observed that while it is essential to perform statutory duties like elections census, the school teachers are often also deputed for non statutory duties by the Dy. Commissioners and other departments which very adversely affects the education of the students. Some of the non-statutory duties for which the school teachers are being deputed by the Deputy Commissioners are Pulse Polio, BPL, Survey/ Ration Card, Distribution of Unemployment Allowance and Old Age Pension, Toilet Survey for Villages, Economics/ Household Survey etc.

It has been decided by the Government that the teachers would be required to undertake only statutory duties like election and census work and for any other work which the teachers may be asked to do, the Dy. Commissioner or any other department, will seek the prior approval of the Director General School Education (who would then ensure that there is the least adverse effect on the teaching).

It has also been decided that in any case, for any duty other than teaching, which the teacher may be assigned/ required to undertake, the teachers should be asked to do this duty, only after schools hours, and they should be paid honorarium suitably by the concerned department for undertaking the work so allowed by the Education Department.

You are therefore, requested to abide by the decision of the Government while assigning any non statutory duties to the teachers.

Yours faithfully,

Under Secretary Education
for Financial Commissioner & Principal Secretary to Govt.

Observations/Recommendations of the Committee:-

1. The Committee observed that there are huge amount of state budget expenditure is being done on the improvement of school education but still the conditions of the education system in the government schools is not satisfactory. Gennarly, the parents do not wants their admission of their childrens in Govt. Schools. But in the neibour states/union territories the scenario of the education system in Govt. schools are totally dirrent. There are entrances exams are being conducted to get the admission in Govt. schools.

Therefore, the Committee recommended that Department should study the education system of Delhi and Chandigarh and prepare a detailed report with the facts, what they are doing better in their Govt. Schools for such a good education system and people are ready to get admission of thier childrens in the Govt schools of U.T.

2. The Committee observed the violations of Rule 134A in the state and therefore, the Committee recommended that Department should a regular monitoring system for the implementation of Rule 134 A in the state and strict action should be taken against the defaulters.
3. The Committee observed that there are many schools in the states who have not submitted their Form 6A and there were no action was taken by the department in this regard even after the recommendation of the Committee in its Second Report presented in the House in 10th March 2017.

Therefore, the Committee desired to know the reasons for the violation recommendation of the Second report of the Committee.

4. The Committee different private schools have different books which they are being sold by their agents instead of NCERT books.

Therefore, the Committee recommended that Department should enforce the National Education Policy to adopt the NCERT books in the private schools.

5. The Committee observed that private schools are keep on chaging their school uniforms on year to year or session basis and parents are bound to purchase those uniforms.

The Committee recommended that Department shouls add a clause in the rules with the condition of not to change the uniform atleast 5 years time period.

6. The Committee observed that there is no meetings of Fees and Funds Regulatory Committee (FFRC) are being held in the state to regulize the fees structures of the private schools in the state.

Therefore the Committee strongly recommended the regular meetings of FFRC committee should be held in the state under the Chairmanship Hon`ble retd. judge as per the directions of Hon`ble High Court, Delhi.
