

HARYANA VIDHAN SABHA

COMMITTEE ON ESTIMATES

2015-2016

FORTY FOURTH REPORT

ON THE

BUDGET ESTIMATES

FOR 2015-2016

AGRICULTURE DEPARTMENT

Presented to the House on 30th March, 2016

**HARYANA VIDHAN SABHA SECRETARIAT,
CHANDIGARH**

March, 2016

TABLE OF CONTENTS

	<i>Pages</i>
1 Composition of Committee on Estimates	(iii)
2 Introduction	(v)
3 Report Agriculture Department	1-41
4 Appendixes	
I Summary of recommendations/observations of the Committee in respect of Agriculture Department	42-44
II Statement showing the outstanding recommendations/ observations pertaining to the previous years	45-66

COMPOSITION OF THE COMMITTEE ON ESTIMATES FOR THE YEAR (2015 2016)

CHAIRPERSON

- ***1 Smt Santosh Yadav MLA
* * 2 Shri Mool Chand Sharma MLA

MEMBERS

3	Shri Jagbir Singh Malik MLA	Member
*4	Shri Ghanshyam Saraf MLA	Member
5	Shri Sri Krishan Hooda MLA	Member
6	Shri Tejpal Tanwar MLA	Member
7	Shri Ghanshyam Dass MLA	Member
8	Shri Kehar Singh MLA	Member
9	Shri Anoop Dhanak MLA	Member
10	Shri Jasbir Deswal MLA	Member
*11	Shri Bhagwan Dass Kabir Panthi MLA	Member

SECRETARIAT

1	Shri Sumit Kumar	Principal Secretary
2	Shri Rajinder Kumar Nandal	Secretary
3	Shri Dinesh Kaushik	Deputy Secretary

-
- * Resigned from the membership of the Committee w e f 23rd July 2015 on being appointed as Minister The same was accepted and notified vide Haryana Vidhan Sabha Secretariat Notification No 1/EC/2015 2016/53 dated the 27th July 2015
- ** Nominated as a member of the Committee by the Hon ble Speaker w e f 4th August 2015 for the remaining period of 2015 16 in place of Sh Ghanshyam Saraf MLA
- *** Resigned from the membership of the Committee w e f 4th September 2015 on being chosen as Deputy Speaker unanimously by Haryana Legislative Assembly The same was accepted and notified vide Haryana Vidhan Sabha Secretariat Notification No 1/EC/2015 2016/ 81 dated the 7th September 2015
- **** Nominated as a Chairperson of the Committee by the Hon ble Speaker w e f 8th September 2015 for the remaining period of 2015 16 in place of Smt Santosh Yadav MLA Chairperson chosen as Deputy Speaker

INTRODUCTION

1 I the Chairperson of the Committee on Estimates having been authorized by the Committee in this behalf signed this Report on the (i) Budget Estimates for the year 2015 2016 in respect of Agriculture Department and (ii) Implementation of outstanding recommendations/observations of the Committee

2 A brief summary of the recommendations/observations of the Committee is given in Appendix 1 and 11 in respect of Agriculture Department and Implementation of outstanding recommendations/observations respectively The summary is not exhaustive and for full recommendations or observations of the Committee reference be made to the main Report and the Reports of previous years (for implementation) relating to the Departments concerned

3 A brief record of the proceedings of each meeting has been kept separately in the Vidhan Sabha Secretariat

4 The Committee are thankful to the Chief Secretary and other Additional Chief Secretaries and Principal Secretaries/Secretaries/representatives of the Departments who appeared before the Committee from time to time for their valuable assistance to the Committee

5 The Committee is also highly thankful and appreciates the working of the Principal Secretary Secretary Deputy Secretary Branch Officials of the Haryana Vidhan Sabha Secretariat for their unstinted whole hearted co operation and assistance rendered by them

MOOL CHAND SHARMA
Chairperson
Committee on Estimates

The 9th March 2016

REPORT

Constitution of the Committee

1 The Committee on Estimates for the year 2015 2016 consisting of nine members was nominated by the Hon ble Speaker on having been authorized by a motion moved and passed by the Haryana Vidhan Sabha in its sitting held on 18th March 2015 and notified vide Haryana Vidhan Sabha Secretariat Notification No EC 1/2015 16/27 dated 29th April 2015

Appointment of Chairperson

2 Smt Santosh Yadav M L A was appointed the Chairperson of the Committee

3 Shri Mool Chand Sharma M L A Nominated as a Chairperson of the Committee by the Hon ble Speaker w e f 8th September 2015 for the remaining period of 2015 16 in place of Smt Santosh Yadav M L A Chairperson chosen as Deputy Speaker

Sittings

4 The Committee held/fixed 70 meetings (at Chandigarh and outside Chandigarh) till the finalization of this Report

Implementations/Recommendations

5 The Committee scrutinized the replies received from the Government and also orally examined the representatives of the department where necessary in connection with the outstanding recommendations/observations made in their reports for the year 1995 96 1996 97 1998 99 2000 01 2001 02 2003 04 2006 07 2007 08 2008 09 2010 11 2011 12 2012 13 2013 14 and 2014 15 pertaining to Public Health Engineering Health Mines & Geology Tourism Excise & Taxation Environment Development & Panchayats Rural Development Industries & Commerce Welfare of SCs & BCs Tourism Excise & Taxation Public Health Engineering Irrigation Health Environment and Tourism Departments The Committee dropped the recommendation/observation where it was satisfied with the action taken by the Government The observations of the Committee on the remaining recommendations/observations in respect of these reports are contained in Appendix II of this Report

Selection of Departments

6 The Committee selected the following Departments with a view to scrutinize their Budget Estimates for the year 2015 2016

- 1 Agriculture Department
- 2 Health Department
- 3 Power Department
- 4 Mines & Geology Department

Scrutiny/Framing of Questionnaire/Oral Examination

7 (a) The Committee scrutinized the material and framed the questionnaire in respect of the Agriculture and Health Departments for the year 2015 2016 and orally examined the Agriculture Department

(b) The Committee could not orally examine the Health Department as the Department failed to supply the replies to the questionnaire of the Committee till finalization of the report despite repeated directions **Therefore Committee took a serious view and recommends that the replies asked by the Committee be supplied at the earliest**

(c) The Committee could not scrutinize the material relating to Mines & Geology Department as the Department could not supply the material till the finalization of the Report

Supplementary Estimates

8 The Committee also scrutinized the Supplementary Estimates of Haryana Government for the year 2015 2016 and examined the representative of the Finance Department as well as other Department concerned with the demands and also prepared their report thereon for being presented to the Vidhan Sabha on the date fixed therefore

General Observation — Finance Department

9 The Committee while scrutinizing the replies received from the Government relating to the Departments pending paragraphs of previous reports concerning these Departments have experienced that the replies there of are not being sent by some of the departments in time inspite of the instructions issued by the Government from time to time

The Committee is of the view that **the Finance Department should coordinate in this respect and reiterate these instructions to all the concerned Department so that replies are sent in time in order to streamline the functioning of the Committee**

10 The Report of the Committee in respect of Agriculture Department are in the following paras

AGRICULTURE DEPARTMENT

12 Organization Set Up and Functions of the Department

The department is headed by Additional Chief Secretary to Govt of Haryana Agriculture Department. At the Directorate level, Director Agriculture is the head. In brief, the major functions/activities of the department are as follows:

Sr No	Subject
1	Agriculture Extension Training service to farmers
2	Cane Development
3	Soil Conservation Soil & Water Management & Soil Testing Programme
4	Agriculture Engineering
5	Ground Water Cell
6	Plant Protection
7	Agriculture Statistics
8	Quality Control
9	Agricultural Information
10	Marketing
11	Seed Development
12	Crop Production Programme

The functions/duties of the Department based on the above classification are as below:

(i) Agriculture Extension Training service to farmers

Introduction

Extension Reforms in India were pilot tested in 28 districts in 7 states from 1998 to 2005 and is launched in broad level (states) since year 2005-06. This successful experiment served as a basis to launch the Scheme Support to State Extension Programmes for Extension Reforms in the year 2005-06. It was revamped, expanded and strengthened comprehensively in the year 2010. Coverage of the scheme was increased in a phased manner. It is currently operational in 639 districts and the remaining rural districts are also proposed to be covered.

The 12th Plan Approach Paper identifies several challenges faced by the agricultural extension and also gives suggestions to deal with the same. Some of these include integrating Krishi Vigyan Kendras (KVKs) problem solving skills and the feedback they provide to State Agriculture Universities (SAUs) and National Agriculture Research System (NARS) with ATMA and strengthen district level planning using technology to reach out to the farmers, raising capability of rural poor to conserve and manage their livestock and fisheries resources and derive sustainable incomes, link small farmers to markets, promote decentralized participatory research as well as knowledge intensive alternatives in rain fed regions.

Aims and Objectives

The scheme Support to State Extension Programmes for Extension Reforms aims at making extension system farmer driven and farmer accountable by disseminating technology to farmers through new institutional arrangement viz Agricultural Technology Management Agency (ATMA) at district level to operationalize the extension reforms on a participatory mode

- This scheme shall focus on the following key extension reforms
Encouraging multi agency extension strategies involving Public/Private Extension Service Providers
- Ensuring an integrated broad based extension delivery mechanism consistent with farming system approach with a focus on bottom up planning process
- Adopting group approach to extension in line with the identified needs and requirements of the farmers in the form of CIGs & FIGs and consolidate them as Farmers Producer Organizations
- Facilitating convergence of farmer centric programmes in planning execution and implementation
- Addressing gender concerns by mobilizing farm women into groups and providing training to them

The above objectives shall be met through strengthened institutional arrangements dedicated manpower Innovative Technology Dissemination component and revamped strategy

(ii) Cane Development

Sugarcane is one of the most important cash crops of the Haryana State With the establishment of vacuum pan sugar factories in the State this crop has assumed an added importance Thus it is important to increase the yield of sugarcane and improve its quality in the State and especially in the assigned areas of the sugar factories so as to enable them to draw adequate quantities of good quality cane from their immediate vicinity

Sugar Industry

Prior to 1947 there was only one sugar factory in the State at Yamunanagar However presently there are 14 sugar mills in the State Out of which 11 sugar mills are in Cooperative Sector and remaining 3 are in private Sector The production of Sugarcane in the State has increased from 72 20 MTs during the year 2009 10 to 74 5 MTs (estimated) during the year 2014 15 The yield of sugarcane level is much lower as compared to the yield level in the Southern States and a lot of concerted development efforts are needed for boosting the productivity of this crop per unit area The Cane development staff provides timely guidance to the farmers in the selection of quality agronomic practices and also attends the sugarcane survey work They are also engaged in organizing campaigns against various insects and pests The cane development staff is also responsible for the collection of purchase tax from various sugar mills and timely payment of cane price to the cane growers The staff also helps the cane growers in the redressal of their complaints/grievances against sugar mills and cane Growers Cooperative

Societies The Staff is also responsible for the performance of various regulatory functions particularly to check malpractices at weighbridges distributions of indents and cane bonding etc according to the provisions of Punjab Sugarcane (Regulation of Purchase and Supply) Act 1953 and Rules made thereunder Sugarcane (Control) Order 1966 Haryana Khandasari Manufactures Licensing Order 1972 and Haryana Gur Manufactures Licensing Order 1972 are applicable in the State of Haryana With the coming up of new sugar mills additional staff was sanctioned by the State Govt from time to time Thus the staff deployed under various schemes remains busy throughout the year for the development marketing and regulatory works and implementation of various schemes i.e. Rastriya Krishi Vikas Yojna (RKVY) National Food Security Mission (Commercial Crop Sugarcane) and Technology Mission on Sugarcane(TMS)

(iii) Soil Conservation Soil & Water Management & Soil Testing Programme

WATERSHED DEVELOPMENT

The implementation of watershed development schemes helped in checking soil erosion resulting in increased land productivity The harvesting of rain water helped in conserving the moisture in situ and recharge the ground water Water availability for human consumption livestock and irrigation is also augmented The underground water level which is fast depleting has been checked

For judicious use of precious ground water improved on farm water management practices are propagated Sprinkler irrigation system is being promoted by providing subsidy incentive In order to improve on farm water conveyance by reducing evaporation and seepage losses from field channel and to avoid labour intensive process of maintenance of open channels underground pipelines system of water conveyance is being promoted by providing subsidy incentives

BROAD OBJECTIVES OF SOIL CONSERVATION PROGRAMME

- 1 To prevent the land degradation by adopting multi disciplinary integrated approach
- 2 To improve the land capability and moisture regime in watershed
- 3 To reduce the surface run off
- 4 To upgrade the skills in planning and execution of land development programmes
- 5 To improve farm water management
- 6 To increase the water use efficiency
- 7 To conserve moisture in situ
- 8 To restore ecological balance through scientific management of land and rainwater
- 9 To check soil erosion and land degradation by adopting soil conservation measures including gully control percolation embankment construction of check dams stock ponds diversion channel water harvesting structures and vegetative measures etc

WATERSHED DEVELOPMENT SCHEMES

- 1 Scheme for Enhancing Productivity of Degraded Lands in The State Under Integrated Watershed Development Programme (IWDMP)
- 2 Scheme for execution of soil and water conservation works on watershed basis in the sub mountainous area of the state
- 3 Land Leveling

LAND RECLAMATION

For the reclamation of alkali affected soils Gypsum is added for reclamation and productivity is restored in subsequent years. Subsidy @ 50% of the cost of Gypsum Ingredients is provided to farmers of the State. The recommended dose of Gypsum is 5 MT per hectare. During the year 2010-11 to 2014-15 an area of 26,084 hectare was reclaimed and an amount of Rs 1630.24 lakh was utilized. It is proposed to utilize Rs 757.00 lakh to reclaim 10,000 hectare area during the year 2015-16.

On Farm Water Management

Major thrust has been given for the promotion of water conservation technologies. Lying out of Under Ground Pipeline (UGPL) and Sprinkler Irrigation systems have been found most suitable for the Central flat region and South Western part of the State respectively. An amount of Rs 188.76 Crore has been incurred and brought 1,31,254 ha area under UGPL system benefiting 46,346 nos. of farmers in the State during the period 2010-11 to 2014-15. Keeping in view the huge demand of the system, an amount of Rs 83.20 crores has been proposed to cover an area of about 34,000 ha. Benefiting approx. 20,000 numbers of farmers during the year 2015-2016. Assistance @ 50% cost of system limited to Rs 25,000/ha with a maximum of Rs 60,000/ per beneficiary is admissible.

Similarly Sprinkler irrigation system is also in heavy demand especially in South Western region of the State. 1,54,814 numbers of Sprinkler Sets have been installed in the State since 2010-11 to 2014-15. An outlay of Rs 36.00 Crore to cover 48,000 ha area and benefiting 12,000 no. of farmers is proposed during the current financial year. Assistance @ 60% cost of system for Small & Marginal farmers and @ 50 % for others is being provided.

Soil Health Cards

Soil Health Cards are being prepared on the basis of soil test report and are distributed to the farmers with crop specific fertilizer recommendations for balanced and judicious use of fertilizers to sustained productivity as well as soil health. So far 21.49 lakh Soil Health Cards have been distributed to the farmers free of cost. Afresh Soil Health Cards are to be issued to all 16.17 lakh farming families in the State within a period of 3 years under newly launched Central Sponsored Soil Health Card scheme. A target of distribution of 2.50 lakh Soil Health Card is fixed for 2015-16.

(iv) Agricultural Engineering

Haryana is one of the leading states for Agriculture production in the Country. It is now heading towards a better future by adopting latest technology including Agricultural Mechanization and assured irrigation through tubewells. Agricultural Engineering wing every year lays down new land marks in the following fields

- 1 Scheme for Promotion of Agricultural Mechanization under Rashtriya Krishi Vikas Yojna, Crop Diversification, State Plan, NFSM and ISOPOM Schemes
- 2 Sub Mission on Agricultural Mechanization
- 3 Precision leveling of farmers' field with the help of Laser land levelers on custom Hiring Basis
- 4 Scheme for implementation of National Biogas and Manure Management Programme
- 5 Scheme for Installation & Development of Deep & Shallow Tubewell

(v) Ground Water Cell

- Activities of the cell
 - Monitoring of water level
 - Ground Water Assessment
 - Free service to farmers
 - Location of tubewell sites
 - Optimum tubewell depth
 - Design of tubewell assembly
 - Development of tubewell
 - Micro level survey to identify potential pockets
 - Selection and evaluation of watershed
 - Monitoring of rain gauge stations
 - Training of farmers for Minor Irrigation schemes
 - Conducting free geophysical surveys to identify and demarcate the aquifer zones for installation of tubewells
 - Pump efficiency tests to improve the efficiency of pump sets
 - Providing Ground water availability certificate to Haryana Vidyut Parasaran Nigam (HVPN) for formulation of tubewells loaning schemes
- Besides above activities, various thematic maps and technical reports connected with Micro Level Hydro geological Geophysical survey and ground water assessments are prepared.

GWC had set up 2184 Grid Observation Points for water level observation during pre and post monsoon period every year. In addition to this, one Key observation point and a piezometric tube at each block HQ in the State which is being observed monthly.

Besides this Aquifer Performance Tests are conducted to know the behavior of aquifers Pump Efficiency Tests are conducted to know the efficiency of pump sets for further guidance to the farmers for improvement and modification of the same Resistivity surveys are conducted for farmers free of cost to identify and demarcate the aquifer zone for installation of shallow tubewells by them Water Samples of Grid Observation Points/P tubes and from the farmer's field collected by the GWC staff is analyzed in the laboratories established in the offices of GWC Micro level surveys are conducted at block level to demarcate the potential pockets

(VI) Plant Protection

The Plant Protection section of the Agriculture Department is responsible for monitoring and controlling incidence of insects/pests diseases and weeds in the field crops and also educates farmers on latest plant protection technologies developed by researches by way of imparting trainings and organizing demonstrations A brief description of the set up of plant protection section and functions/activities carried out is as follows

- (a) At State Headquarter the plant protection wing is headed by Deputy Director of Agriculture (PP) working under the supervision of Joint Director of Agriculture (PP) two Assistant Plant Protection Officers and two Technical Assistant/ Agriculture Development Officers Besides 21 Assistant Plant Protection Officers are posted in field one at each district headquarters and 95 Agriculture Development Officers (PP) are placed at block headquarters that are responsible for performing the plant protection activities Two Agriculture Development Officers are posted in Bee Keeping Scheme each at one Karnal and Yamunanagar
- (b) The department has set up its State Bio agent production laboratory at Sirsa It is working under the control of Assistant Plant Protection Officer Sirsa five Agriculture Development Officers five Agriculture Inspectors and two field man are posted in Laboratory The Bio agents like *Trichoderma viride* NPV *Beauveria bassiana* are produced and distributed amongst farmers free of cost to demonstrate their effectiveness/efficacy so as to make their use popular for control of Insects/pests of crops

(vii) Agriculture Statistics

Statistical section is an important wing of the Agriculture Department This office is manned by experienced officers/officials with qualification in the field of statistics/ Economics Maths & Agriculture Economics who can technically and statistically analyze and interpret the logically collected data to achieve specific objective envisaged in the scheme by applying statistical tools with professional efficiency They perform the following functions

- 1 To bring improvement in area statistics by spot check of area enumeration carried out by the patwaris in a set of random /selected

villages The crop Cutting Experiments is also conducted on random basis to ascertain the quality of field work and to attempt estimate of yield rates Ground Truth Activity work (GTA) for GOI is also done by the wing

- 2 To obtain reliable and advance estimates of area under Principle crop by conducting girdawan on priority basis in a set of 20% randomly selected villages under Timely Reporting Scheme These estimates are utilized for planning till the final forecast of area is received from Director Land Records Haryana
- 3 To study the impact of various agricultural development programmes it becomes imperative to carry out surveys regarding High Yielding Varieties Programme Fertilizer use dry farming and multiple cropping Impact of sprinkler irrigation introduction of modern implements etc Every year field surveys are conducted to assess the impact of introduction of modern technology in agriculture
- 4 To obtain estimates of average yield per hect of principle crops grown in the state though the technique of crop estimation survey with a reasonable degree of precision by assessing the average yield the total production at block/tehsil/district/state level is prepared and also to obtain information on different improved agricultural practices
- 5 To maintain data regarding weather Block wise area statistics especially food grains productions programme
- 6 State govt has been implemented two crop insurance schemes i.e Modified National Agriculture Insurance Scheme and Weather Based Crop Insurance Scheme
- 7 To monitor and co ordinate the scheme
- 8 To conduct the meeting for State level Co ordination Committee (SLCCC!) Technical Advisory Committee (TAC) and other relevant meetings
- 9 To arrange & supply yield data to Agriculture Insurance Company (AIC) for all crops and damage regarding claims of Insurance
- 10 To co ordinate various other works like weekly reports monthly reports quarterly reports half yearly reports annual reports work of cost of production for different major crops and work pertaining to National conference and many others

(viii) Quality Control

The functions of this branch in the Directorate as well as subordinate officers are as under

- 1 To monitor quality of Pesticides & Fertilizers
- 2 Coding of pesticides samples to maintain secrecy

- 3 To Organize quality control campaign for drawing samples of fertilizers and pesticides during the peak consumption period of Kharif and rabi and constitution of special teams therefore
- 4 Monitoring the supply and availability of pesticides & fertilizers in the State
- 5 Insurance of consents for launching prosecution against the manufacturer and dealers of pesticides whose samples are found misbranded
- 6 Scrutiny of Subsidy bills of fertilizers and forwarding the same to Govt of India
- 7 To submit proposal of scheme to State/Govt of India
- 8 To accord financial sanctions for the purchase of chemicals glass wares and instruments for use in Quality Control Laboratories
- 9 To supervise the analysis work of the State pesticides & Fertilizers laboratories
- 10 To analyze the pesticides & fertilizers samples
- 11 To launch prosecution in various courts against the pesticides & fertilizers manufacturing companies and dealers whose samples are found misbranded/ non standard
- 12 To monitor the old recoveries of fertilizers Taccavi loans from the farmers

(ix) Agricultural Information

Agriculture information section is small unit at the State head quarter It is headed by Agricultural Information Officer (AIO) The main function of this wing is to organize various Exhibitions and shows for highlighting process/achievements made in the field of Agriculture and to make the farmers aware of various facilities provided by the Government The Additional Director Agriculture (Extension) supervises the activities of information Section

This wing consists of various officers who are very intelligent and always keeps a close vigil and rapport with the DPR Haryana in disseminating the latest activities of the department in a time bound and stipulated period The officers are Hindi Officer Superintendent Librarian and Photographer etc These officers including the Head of the wing designated above as Agriculture Information Officer under the control of Senior Officers always ready to accomplish any kind of work during day and night and even during the holidays and odd hours

The main reports which are under process by this wing are Administrative Report Crop Production Programme etc The work pertaining to the Krishi Sanwad is also coordinated by this wing Other works pertaining to publicity of the department are also coordinated by wing The different activities in the form of activity note are also prepared by this wing in addition to the above mentioned works in the first paragraph of Agriculture Information section

(x) Marketing Section

Marketing wings deals with development aspects of marketing of Agricultural produce in the State Under Marketing Development activities the Agricultural Development Officers (Marketing) and other extension staff working in the field taken up the marketing extension work to educate the farmers about improved marketing practices so that they are able to sell their agricultural produce at proper time and place to get a better price Besides the market data/information pertaining whole sale & retail prices of various agricultural commodities marketable surplus and day today mandi arrivals as also price trends are collected from selected mandis of the State and these information are daily transmitted through telephone and NICNET for dissemination for the benefit of farmers and consumers through All India Radio in Krishi Jagat Programme & T V Doordarshan as well as supplied to various quarters in Govt of India and the State Govt for their use

13 Budget

The department was asked by the Committee to know about the total budget allocated to the department for the current financial year scheme/work/project wise together with the amount spent thereon upto 31st July 2015

The Department replied as under

Budget provision of 97524.75 Lac has been made for this department out of which an amount of 31292.75 Lac under Non Plan Schemes and an amount of Rs 66232.00 Lac under Plan schemes has been allocated for the current Financial Year i.e. 2015-16. An amount of Rs 10048.09 Lac and Rs 526.93 Lac has been spent under Non plan schemes and Plan schemes respectively up to 31st July 2015. The scheme wise budget allocated and expenditure incurred is as under

Non Plan Schemes (2015-16)**(Rs In Lac)**

Sr No	Major Head	Budget Allocated	Expenditure upto 31st July 2015
1	2401 Crop Husbandry	15025.90	3934.44

After going through the written reply and oral examination of the representatives of the Department the Committee desire to know the reasons for not utilizing the budget allotted for some important schemes of government till now

The Committee also desire to know the amount released to farmers for subsidy on the agriculture equipments etc from the total budget allotted for this purpose during the last five years

14 Objectives

With regard to the questionnaire regarding achievement of the Department during the last three years **The Department reply is as under**

The department of Agriculture has different wings which are looking after the related schemes. The heads of different sections and the officers in the sub offices/field are responsible for execution the works. The objectives of the department and its subordinate offices are as under

- 1 Increase productivity of agricultural crops and thus increase the production
- 2 To ensure supply of quality inputs (seeds fertilizers & pesticides etc) to the farmers
- 3 To promote good agriculture practices and management of natural resources and to achieve environmentally sustainable agriculture
- 4 Diversification of Agriculture
- 5 Research & development support for agriculture development
- 6 Creation of post harvest management system infrastructure to ensure remunerative price to the farmers. The achievements during the last three years are as under

Area average yield and production of major crops in Haryana from the year 2012 13 to 2014 15

A=Area in 000 hect

Y=Av Yield in kgs/hect

P=Prod in 000

After going through the written reply and oral examination of the representatives of the Department **the Committee is not satisfied Therefore the Committee recommends that details of the total amount involved in these cases be sent to the Committee The Committee also desire to know the action taken against the officials/officers found responsible**

18 Timely protection of crops

On being asked by the committee to know about the steps taken by the department for the constant and timely vigil on emergence of pest and disease of crops and to make the farmer aware well in time for the protection of their crops

The Department replied as under

As and when the severe problems of pest and disease appear in the field the department takes the necessary steps for the control of pest and disease and issue advisory to the farmers for identification of disease and timely control of the infestation. The Agriculture Department is in constant touch with CCS HAU Hisar and Central Institute of Cotton Research Sirsa to control the menace of White fly in cotton crop primarily in Hisar Sirsa Fatehabad and Bhiwani districts. The following steps have been taken by the Agriculture Department

- 1 Organizing meetings of farmers to make them aware about White fly pest
- 2 Farmers training programmes How to deal with the on slaught of White fly pest?
- 3 Campaign in villages
- 4 The Dealers have been given training to make sure that they supply the right kind of pesticides/insecticides and suggest correct method for its usage to the farmers
- 5 Creating awareness through school going children who in turn educate their parents for control of White fly
- 6 Distribution of relevant literature (leaflets/brochure in Hindi) for control of White fly amongst farmers
- 7 Advertisements campaign in Hindi newspapers publicizing methods to control White fly
- 8 Integrated Pest Management using yellow sticking strips a mechanical method to destroy White fly

Under the above pest management campaign more than 295 schools have been visited by the field functionaries of Agriculture Department and 100 farmers training camps have been organized. Training has been organized for more than 100 Pesticides Dealers. To educate the farmers 5 00 000 leaflets/printed literature containing the information for control of White fly have been distributed amongst the farmers. These activities are being carried out under the supervision of Deputy Director Agriculture at district level and senior officers from the Directorate.

After going through the written reply and oral examination of the representatives of the Department **the Committee recommends that the name and addresses of fifteen farmers and fifteen sellers of pesticide who have given training by the department under the announce programme**

19 Schemes

In response the questionnaire of the committee relating to the details of National Mission on Sustainable Agriculture scheme alongwith the steps taken by the department and the achievements after sponsoring this scheme

The Department replied as under

The Govt of India has introduced NMSA during 2014 15 with various components. The scheme will be implemented on 50:50 Centre /State share basis. The major programmes of the scheme are

- (a) Rain fed Area Development. This is in a watershed plus frame work based on integrated farming system. An action plan has been approved by GOI.
- (b) Paramparagat Krishi Vikas Yojana. The project proposal for organic farming in State amounting to 284.00 lac has been approved by the GOI for 20 clusters covering 7 districts in the State.
- (c) The Centrally Sponsored National Project on Management of Soil Health and Fertility merged as Soil Health Management component under NMSA. Under SHM there is a provision for setting up new static STLs, Mobile STLs and Fertilizer Quality Control Labs with other components. The proposal with a financial outlay of Rs. 343.70 lacs for the year 2015 16 for strengthening of existing STLs with other components is under process of GOI approval.
- (d) Soil Health Management. Another scheme namely Soil Health Card scheme had also been introduced in the State under NMSA during 2015 16. Soil Health Cards are to be provided to all farming families of the State with in a period of 3 years. A target of 2.50 lac soil samples has been fixed for the year 2015 16 with a financial outlay of 563.00 lac. The soil samples are being collected.

During the oral examination the Committee was informed by the departmental representatives that the sampling work about the soil health cards has almost been completed in the Hissar and Sirsa districts. But the Committee feels that sampling work has not been done properly by going to the fields. **Therefore the Committee recommends that full details about the sampling work of the above said districts be supplied to the Committee.**

20 Complaints

On being asked by the committee to know about the complaints (s) received from the farmers in respect of sub standard seeds, pesticides and fertilizers during the last three years and action taken by the department

The Department replied as under

The District wise complaints received from the farmers in respect of Sub standard Seeds, Pesticides and Fertilizers during the last three years are as under

- (i) Ambala, Bhiwani, Faridabad, Fatehabad, Gurgaon, Hissar, Jhajjar, Kaithal, Karnal, Mohindergarh, Mewat, Panipat, Palwal, Rewari, Panchkula, Sirsa and Rohtak. No complaint of Sub standard Pesticides and Fertilizers has been received.

(ii) Kurukshetra (Pesticides and Fertilizers)
