

To Set-Up 33 K.V Sub-Station

17. **DR. KRISHAN LAL MIDDHA, M.L.A.:** Will the Power Minister be pleased to state whether there is any proposal under consideration of the Government to set up 33 K.V sub-station in village Bohatwala of Jind Assembly Constituency; if so, the time by which it is likely to be set-up?

RANJIT SINGH, POWER MINISTER, HARYANA

Yes Sir. It is likely to be commissioned by 31.03.2021.

Additional Information

At present village Bohatwala and its surrounding area is being fed from 33 KV sub-station Shri Rag Khera with transformation capacity 2x10 MVA, 33/11 kV power transformer. Keeping in view the loading condition of the sub-station and new load growth of the area a proposal to create a new 33 KV sub-station with transformation capacity of 10 MVA has been approved by DHBVN and HVPN. The land required has been arranged and the tenders to get the work executed has been floated. The work is likely to be completed by 31.03.2021. On creation of this sub-station about 6 MVA load will be shifted from 33 KV sub-station Shri Rag Khera and 1 MVA from 33 kV Sub-Station Manoharpur, resulting to under load the overloading of the sub-station and supply to consumers of village Bohatwala and its surrounding area will improve.

The following new 33 KV sub stations have been commissioned in District Jind:
