

To increase the Availability of Canal Water

- 43. Shri Sita Ram, M.L.A.:** Will the Chief Minister be pleased to state whether there is any proposal under consideration of the Government to increase the availability of canal water in Ateli Constituency keeping in view of the decreasing water level in Southern Haryana?

Sh. Manohar Lal, Hon'ble Chief Minister, Haryana

No, Sir.

Additional Information Unstarred Assembly Question No. 43

Areas of Ateli Constituency are being fed through Mahendergarh Canal System. The system runs for 16 days out of 32 days cycle and its off takes including channels of Ateli constituency runs for 8 days as per approved authorized discharge in the rotational programme. The discharge allocated in the channels are as per approved water allowance of 3.05 Cusecs per thousand acre as per Western Yamuna Canal System. However, in rainy season the channels of Ateli constituency run for about 3 to 4 months continuously as per availability of water in river Yamuna which is mainly utilized for recharging purpose.

At present there is no proposal to further increase the availability of water than the authorized discharge in Ateli Constituency.
